

Wednesday 30th September 2020

Dear parents/families,

We are aware of the ongoing concerns about the further spread of coronavirus and of the challenges we all face relating to social distancing, particularly during drop off/pick up times at school.

We would like to remind parents that to reduce the risk of catching or spreading coronavirus, you should try to keep at least 2 metres away from people you do not live with. Social distancing is essential to stop the spread of the virus, as it is more likely to spread when people are close together.

Where you cannot stay 2 metres apart, government advice is that you should take extra steps to stay safe such as wearing a face covering.

Thank you for your ongoing support and understanding.

Alison Johnson
Headteacher
