Science	How do the life cycles of plants and animals compare?	What impact does growth have on our bodies?	Why do properties of materials make them useful?	What is there beyond Earth?	How active are forces in everyday life?	
Computing	<p>Online Safety and Digital Literacy Know the risks posed to them by using Social Media, understanding that people may not be who they say they are. Know that it is irresponsible to share images of friends on-line without their permission. Information Technology Know how to use software to create and effective poster or leaflet. Be able to select the best Office program for the task. Computer Science Use customisation to change a working program to change its effect for instance backgrounds and sprite in scratch.</p>		<p>Online Safety and Digital Literacy Effectively use a search engine to find multiple criteria using AND/OR to refine searches. Information Technology To be able to share their work from their personal folder to work collaboratively with others. Computer Science Take a simple working hyperlinked presentation and to customise it by adding additional content and navigation. (PowerPoint)</p>		<p>Online Safety and Digital Literacy Know how to compare information from different websites and know that some sites may show bias. Information Technology Using software, know how to add data into a prepared spreadsheet to answer simple questions. For instance, using Excel. Computer Science Use "Shooting Fish" activity, which required additional code to turn it into a working game. (Kodu)</p>	
History	How great were the Greeks?		What is a dynasty?		Why have attitudes towards crime and punishment changed over time?	
Geography	What journey does a river take?		What similarities does South America have to where we live?		What can we learn about and from our local area?
